### Looking for a post as Game, Level or Narrative Designer

I'm a graduate in Game Design & Management at the French school Supinfogame Rubika. I have skills in **Game and Level design** as well as a year of experience in programming with **Unreal Engine** and **C++**, giving me a polyvalent profile.

I'm especially interested in games with a strong **narration** and in creating stories and universes. I have developed skills in **Narrative Design** and in **Writting**.

### Experience and Diplomas

#### 2016-2018 Programming - Stream-On Studio

My post at Stream-On Studio mainly required me to **fix bugs**, to do some **level scripting** and to programm some menus, all with **Blueprints** or **C++**.

#### 2011-2016 Master Game Design & Management - Supinfogame Rubika, France

Supinfogame studies offer **theoretical lessons**, **practical exercices** and **teamworks** on video game projects.

### Projects

#### July 2016 - Present Space Hulk - Deathwing

Claustrophobic cooperative FPS based on the Game Workshop license putting a team of players against hordes of aliens.

Tasks : **Programming**

#### 2012 - Present Exodus

Pen & Paper role playing game in an original Space Opera universe. Currently in development.

Tasks : **GD, Writting, Balancing**

#### 2015 - 2016 Warp-01

Artistic puzzle-game focused on experimentation for VR devices produced in a year by a team of six students.

Tasks : **GD, LD, Scripting**

#### June 2013 Chroma Fight

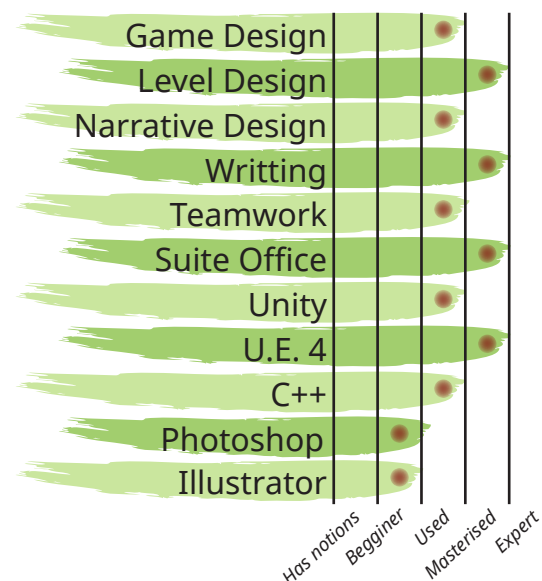

Multiplayer game inspired by abstract art produced in a week with no graphists and no programmer.

Tasks : **GD, LD, U.I. Design**

### Languages

**French** Native Language  
**English** Fluent

### Skills
